### TYPICAL SPECIFICATION

Product: Gold (I) Iodide  
(CAS # 10294-31-2)

CMI Product #: 2019

Formula: AuI

Formula Weight: 323.87

Theoretical % Au: 60.8% Au

<u>TEST</u>	<u>REQUIREMENT</u>
-------------	--------------------

Appearance	Yellow-Green Powder
------------	---------------------

Gold assay:	59.6% Au min.
-------------	---------------

Product Purity	98%
----------------	-----

Melting Point (°C):	120 dec.
---------------------	----------

Storage:	Store material in a tightly sealed bottle away from moisture. Refrigerate. Prolonged exposure to the atmosphere will lead to degradation of the product. Light sensitive: Store in amber bottle.
